Ireland's award-winning School of Falconry is the oldest established Falconry School in the country and offers you the chance to fly hawks around the beautiful castle grounds and woodlands during a one hour private hawk walk.

Established in 1999 the Falconry School is home to the largest and most diverse collection of Harris hawks in Ireland, all of whom have been specially trained by the Falconry School themselves.

On arrival, you are greeted by your Falconry Instructor and introduced to your hawks, before setting off to fly your hawks. As you fly the hawks, your falconer will explain all about the hawks' eyesight, their speed and agility and also about the character and history of the individual hawks that you are flying.

As you walk through the beautiful woodlands, your hawks will closely follow you, flying from tree to tree, before swooping down to land back on your gloved fist... a moment you will never forget!

Uneven Terrain: The Hawk Walk is a very hands-on & interactive experience which entails a moderate walk along woodland paths over uneven terrain.

No Wheels or Stroller: The hawks are not wheelchair friendly unfortunately, they are mistrustful of anything with wheels so it is not possible to bring a wheelchair or a mobility aid to the Falconry School.
