## SEASONALITY & FORAGING

Lord and Lady Ardilaun's passion for gardens and trees has created one of Ireland's most outstanding and unique botanical displays.

Comprised of 350 acres, Ashford Castle's grounds delight the garden enthusiast or botanist alike with the variety of trees, shrubs and rare plants which assault your senses at every turn of the path and create a kaleidoscope of colour all year round. Towering over the grounds is an outstanding variety of native and imported trees.

The giant Redwoods grow alongside native Californian MONTEREY Pines, Spanish Chestnut and the Bishops Pine. While the Lawson and Golden Cypress combine with the fruity odoured Western Red Cedar.

Overall, an international botanical collection has occurred within the Ashford grounds with trees such as the English Yew growing alongside Japanese Cedar and Maples, Algerian Firs, Norwegian Maple, European Larch and Metasequoia (or Dawn Redwood thought to be extinct until 1944).

One of the most exciting additions to our list in recent years is the inclusion of the wines from our winery in South Africa, Bouchard Finlayson, set up in 1989. Collaboration has always been a part of this wine estate, which is today owned by the Tollman family of The Red Carnation Hotel Collection and collaboratively run by Victoria Tollman and Peter Finlayson.

*Bouchard Finlayson is globally acclaimed for producing the best Pinot Noir in South Africa, as well as exceptional Chardonnays and Sauvignon Blancs. The vineyards are surrounded by an indigenous floral conservancy alive with birdsong and wildflowers and the promise of the unique terroir is harnessed by winemaker Peter Finlayson in slow-ripened, flavour-rich wines of exceptional quality.*
