CAVIAR

Exmoor Caviar started life in the foothills of the Exmoor National Park, drawing from 40 million litres of fresh Devonshire water, naturally filtered through slate, shale and sandstone. The sturgeon fish were allowed to grow at the pace that nature intended in this fresh cool mineral water. The clean and natural delicate flavours of the caviar enhanced by locally harvested Cornish Sea Salt formed the bedrock to the ethos and following of this truly unique luxurious British brand.

Served with:

Crisp Potato Rösti with Sour Cream & Chive or
Blinis with Crème Fraîche
