SHOWCASING THE STABLES BAR

Home to the best Old Fashioned in London

Step inside The Milestone's Stables Bar, named and decorated as a homage to the original use of the building in which it now resides. Filled with an eclectic mix of equestrian collectables, sophisticated soft furnishings, and paintings from Belgian sporting artist Elie Lambert, the Stables Bar provides a refined and comfortable setting.

The atmosphere is made even more special with the presence of Angelo, our resident Bar Manger, whose creative mixology skills are sure to make your time at the Stables Bar a true event.

The Stables Bar's signature Smoking Old Fashioned thought to be the best in London, provides a whimsical theatricality, perfectly paired with the Gentleman's Club ambiance of the bar itself. The polished wood panelling and green leather banquettes of the upper bar provide the perfect backdrop for small group gatherings.

Toast to your good fortunes in true Milestone style as you share a selection of the best cocktails in West London.
